WORK EXPERIENCE

Senior Software Engineer
Zeotap

12/2021 - Present   *Bangalore, India*
Tech stack worked on - Angular, RxJs, RamdaJs, NgRx, Tailwind, Git, Codacy, Nx, Figma, Next.Js, React.
Achievements/Tasks

- Spearheaded legacy code's Angular upgrade to v17, enhancing application performance and enabling the use of Signals.
- Built a **BFF Layer** to streamline API communication, reducing complexity and improving maintainability.
- Developed an AI-powered feature for customer segmentation, increasing user engagement by 15%.
- Designed and implemented a **custom library of reusable UI components** , accelerating development cycles by 30%.
- Mentored 2 engineers and provided technical guidance to interns, fostering a culture of collaboration and learning.
- Led the **migration to Nx workspace** , optimizing project organization and build performance.
- Initiated the adoption of **Tailwind CSS** , improving UI consistency and development efficiency.

Software Engineer
Tredence Inc

07/2019 - 12/2021   *Bangalore, India*
Tech stack worked on - Angular, React, NodeJs, MySQL, Python, ExpressJs, LoopbackJs
Achievements/Tasks

- Engineered an in-house Pricing Tool to automate incoming project revenue calculations, resulting in a **60% reduction in manual effort and time**. This significantly streamlined financial project approvals.
- Innovated a Valuation & Benchmarking Tool for financial clients, **enhancing efficiency by 50% and expanding user reach by 20%**.
- Designed an in-house Sentiment Analysis Tool for the HR team, providing a flexible platform for obtaining anonymous employee feedback. This initiative increased response rates from **30- 40% to nearly 100%**
- Orchestrated the end-to-end development life cycle of over **8 web applications within 2 years**, including planning, development, testing, deployment, and ongoing maintenance.
- Led performance optimization initiatives for multiple web applications, reducing **load times by 40%** and improving overall user experience across diverse client platforms.

SKILLS

Angular	React	JavaScript	TypeScript
HTML5	CSS3	Tailwind CSS	CSS
RxJS	Node.js	Express.js	Nx Workspace
Git	Jira	Jest	

Web Performance Optimization   Signals

Component Libraries   Next.js   Bootstrap

Material UI   RESTful APIs

Cross-Browser Compatibility

Testing & Debugging

Agile Development Practices

PERSONAL PROJECTS

Portfolio Website (01/2024 - Present)
- Designed and developed a responsive portfolio website using Angular and Tailwind CSS, showcasing projects and technical expertise effectively.
- Implemented dynamic routing and lazy loading, improving performance and navigation speed for users.
- https://amanpareek.com/home/about-me/

Gaming Channel (01/2025 - Present)
- Created a YouTube gaming channel focusing on walkthroughs and gameplay videos, growing a dedicated audience with engaging content.
- Leveraged video editing tools and SEO techniques to optimize video reach, achieving consistent viewer growth and engagement.
- https://www.youtube.com/@ConsoleHaveli

EDUCATION

Bachelor of Technology in Electronics and Communication Engineering
Vellore Institute of Technology, Vellore, India

05/2015 - 05/2019   *CGPA: 8.44*
